Tubi dritti in ferro (P235)

Straight pipes (S235 or P235, EN10219 or EN10217) are available any size listed below. The pipes are stocked as 6mt long tubes but we can cut and supply according to your request in order to better fit into your plant. We take special care to packaging in order to easily transport on trucks or containers. Surface finishing can be raw, but also an anti-rust coated, powder coated or galvanized.The supplied pipes are suitable for the pneumatic transport of powders and flours, feed or grains.
